## Database

# Opis funkcionalnosti sajta

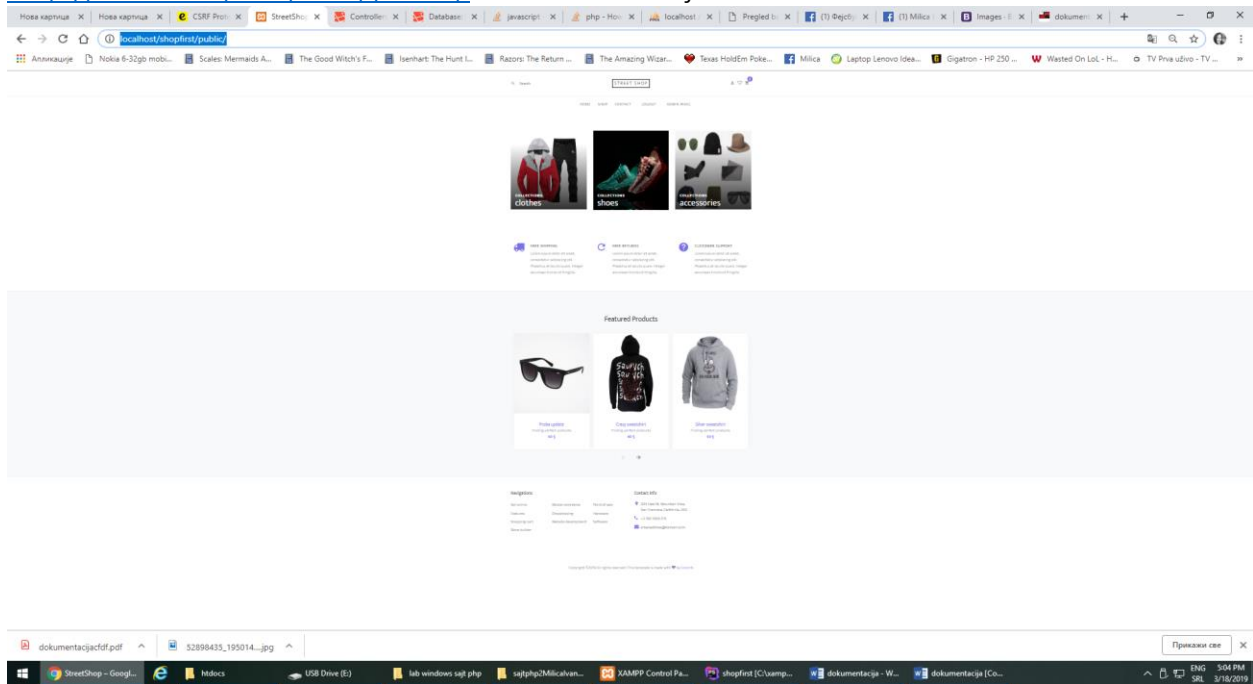

Sajt <http://localhost/shopfirst/public/> predstavlja online shop.

Osnovne funkcije:

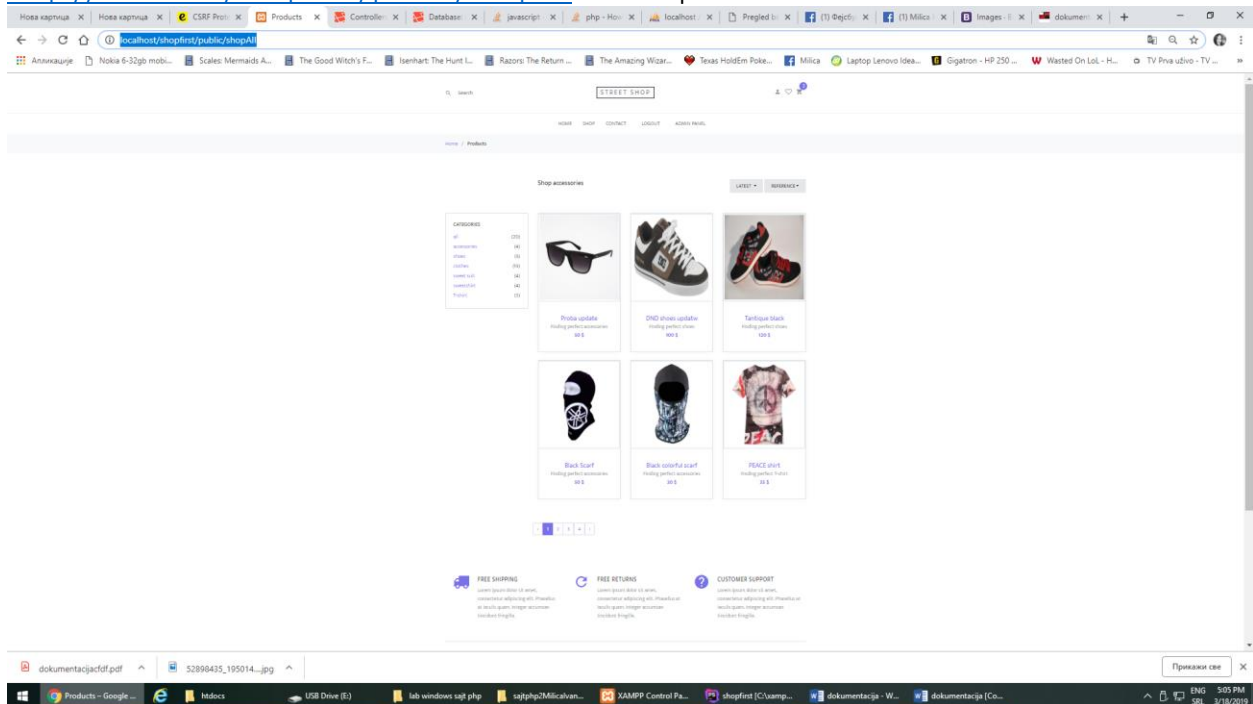

- Bilo koji korisnik može
  - da vidi proizvode,
  - da ih sortira, filtrira po određenim uslovima.
  - Da vidi detalje o određenom proizvodu
- Autorizovani korisnici mogu da
  - naprave korpu,
  - dodaju proizvode u postojeću korpu,
    - da bi korisnik dodao proizvod u korpu mora da odabere veličinu proizvoda, količina je defaultno 1. Ako ne odabere veličinu proizvoda ispisuje im se poruka da to moraju da odrade
  - brišu proizvode iz korpe,
  - menjaju količinu proizvoda u korpi,
  - izvrše kupovinu. Završetkom kupovine im se zatvara korpa i da bi izvršili novu moraju ponovo da kreiraju korpu.
  - Imaju stranicu sa svom nalogu na kom se izračunavaju svi proizvodi koje su kupili i ukupna cena novca koju su potrošili za sve proizvode koje su kupili.
  - Mogu da menjaju svoj nalog takođe mogu da ugase svoj nalog stavljanjem aktivacije na 0.
- Korisnici se registruju popunjavanjem forme, validacija međim nije obezbeđena zbog loše organizacije autora sajta i nedostatka vremena. Korisniku se ispisuju greške ako nije popunio polja odgovarajućim podacima.
- Sve akcije koje vrši korisnik, ili administrator su praćene porukama o tome da li je akcija bila uspešna ili nije, ako nije zašto nije (negde samo da nije uspešna.)
- Administrator sajta ima poseban layout, ali takođe može da pristupi i korisničkom delu sajta, administrator preko svog korisničkog interfejsa može da
  - Unosi, briše, i menja korisnike
  - Unosi briše i menja navigacioni meni
  - Unosi briše i menja proizvode
- Ostatak stranica koje administrator mora da menja nisu realizovane zbog istog razloga zbog kog nije realizovana verifikacija preko maila.
- Takođe administrator ima uvid u aktivnosti korisnika koje se ispisuju u tabeli koja se prikazuje čim administrator pristupi admin panelu. Iznad te tabele je učitana slika autora sajta i osnovne informacije o njemu.
- Svi podaci se izračunavaju iz baze podataka
- Samo administrator može da pristupi delu sajta za administrator, i to je rešeno preko middleware-a.
- Linkovi u navigacionom meniju se sakrivaju/prikazuju u zavisnosti od uloge korisnika
- Ajaxom se brišu itemi iz korpe, menja se količina itema, brišu proizvodi, i briše meni. Meni i proizvodi se direktno izračunavaju u div a za ostalo je korišćen window.location.

# Screen shotovi stranica sajta

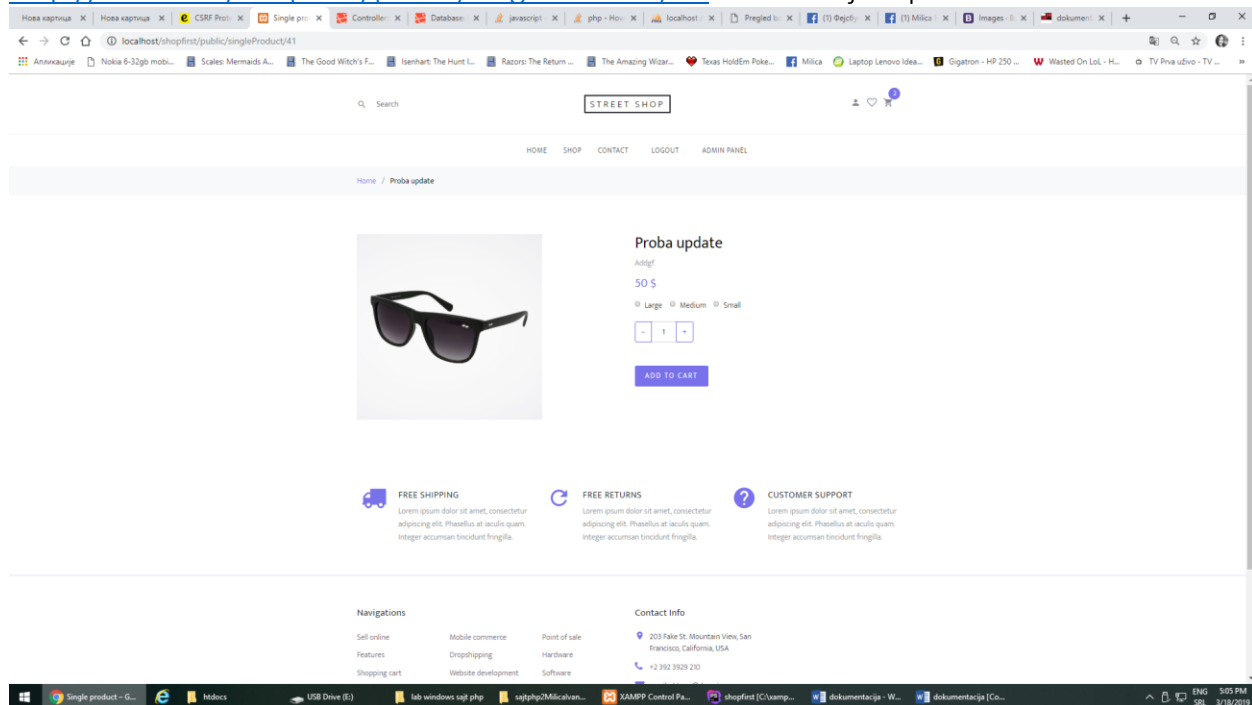

<http://localhost/shopfirst/public/> index strana sajta

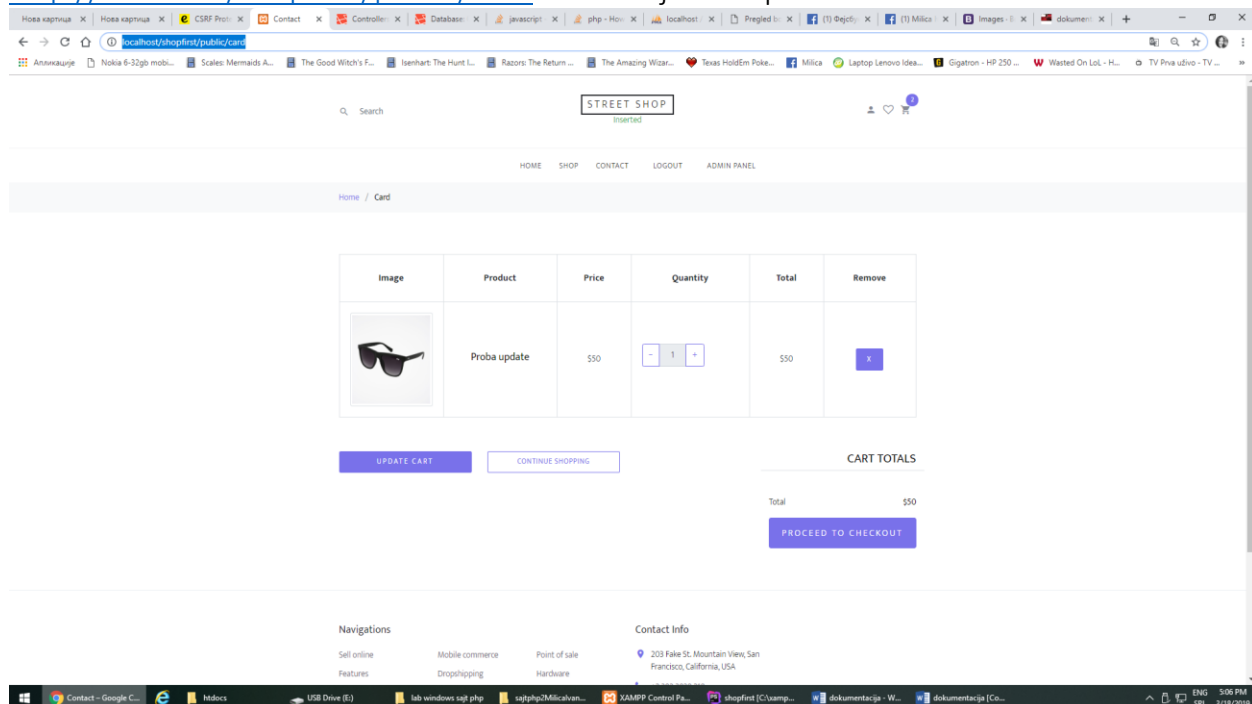

<http://localhost/shopfirst/public/shopAll> deo za prodavnicu

<http://localhost/shopfirst/public/singleProduct/41> informacije o proizvodu

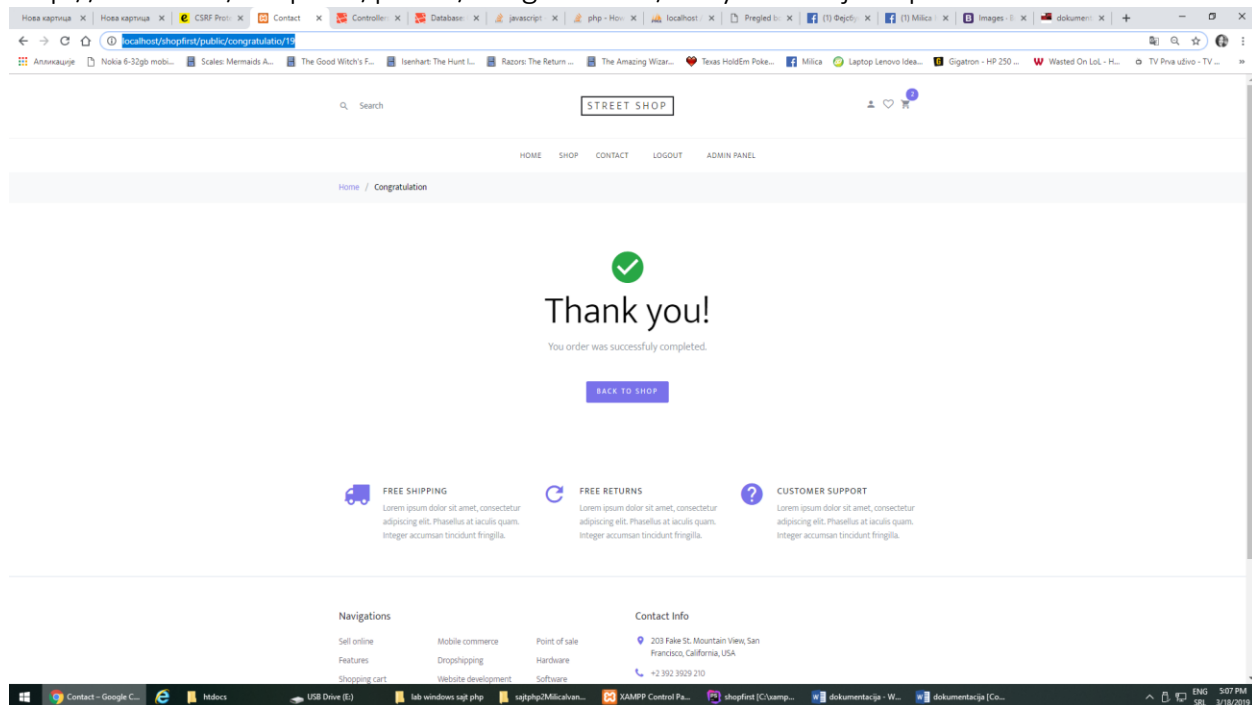

<http://localhost/shopfirst/public/card> dodavanje u korpu

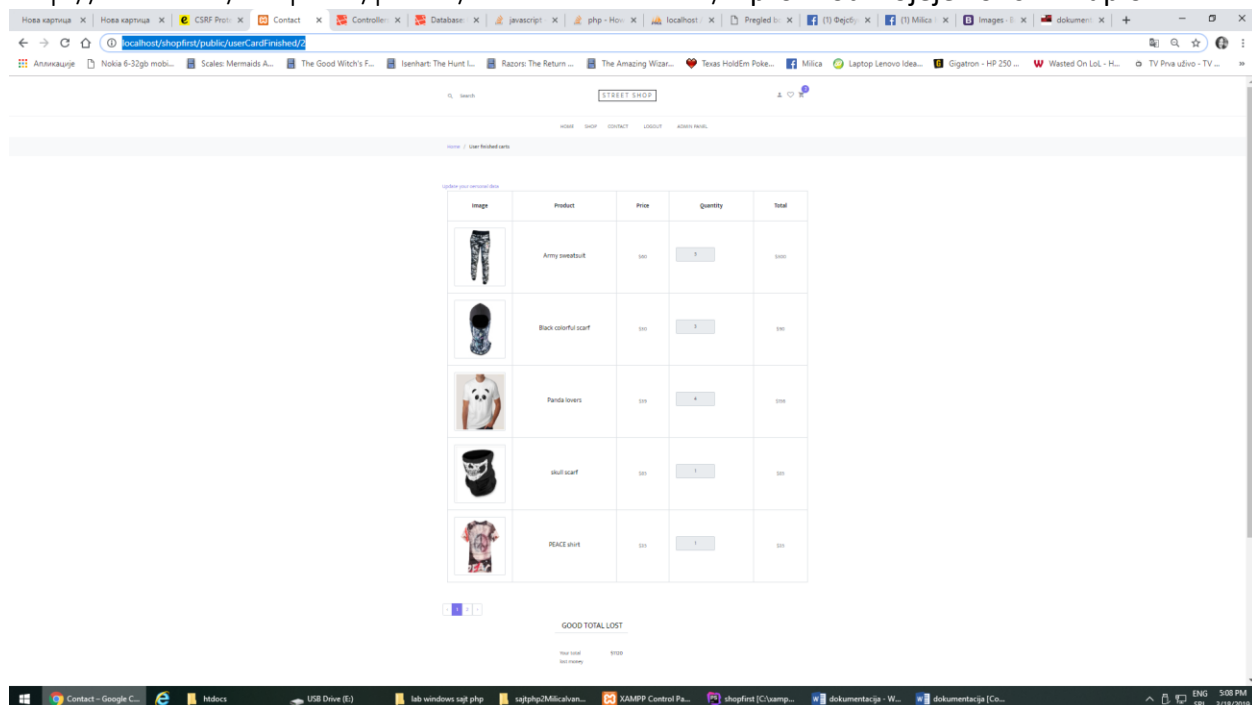

http://localhost/shopfirst/public/congratulation/19 iyvrsavanje kupovine

http://localhost/shopfirst/public/userCardFinished/2 proizvodi kojeje korisnik kupio

http://localhost/shopfirst/public/updateformuser/2 korisnik menja svoje podatke

The screenshot shows a web browser window with the URL `localhost/shopfirst/public/updateformuser/2`. The page is titled "STREET SHOP" and has a navigation bar with links: HOME, SHOP, CONTACT, LOGOUT, and ADMIN PANEL. The main content area is titled "Home / Update your private data". It contains a form with the following fields: Name (filled with "Milica"), Surname (filled with "Ivanick"), Email address (filled with "milica.zajenovic.jvanick@gmail.com"), Password (masked with dots), Address (filled with "Moja adresa 9/2 update 2"), Mobile (filled with "658745896"), and a "Select list" dropdown (filled with "active user"). There is an "UPDATE" button at the bottom of the form. The browser's taskbar at the bottom shows various open applications and the system clock indicating 5:08 PM on 3/18/2019.

http://localhost/shopfirst/public/card kreiranje korpe

The screenshot shows a web browser window with the URL `localhost/shopfirst/public/card`. The page is titled "STREET SHOP" and has a navigation bar with links: HOME, SHOP, CONTACT, LOGOUT, and ADMIN PANEL. The main content area is titled "Home / Card". It features a table with the following columns: Image, Product, Price, Quantity, Total, and Remove. Below the table is a "CREATE CARD" button. There are also "UPDATE CART" and "CONTINUE SHOPPING" buttons. To the right, there is a "CART TOTALS" section with a "Total" label. At the bottom of the page, there is a "Navigations" section with links: Sell online, Features, Shopping cart, Store builder, Mobile commerce, Dropshipping, Website development, Point of sale, Hardware, Software, and a "Contact info" section with address, phone, and email details. The browser's taskbar at the bottom shows various open applications and the system clock indicating 5:09 PM on 3/18/2019.

<http://localhost/shopfirst/public/loginForm> login

The screenshot shows a web browser window with the URL <http://localhost/shopfirst/public/loginForm>. The browser's address bar and tabs are visible at the top. The website's header includes a search bar, the "STREET SHOP" logo, and a shopping cart icon. A navigation menu below the header contains links for HOME, SHOP, CONTACT, LOGIN, and REGISTER. The main content area displays the breadcrumb "Home / Contact" and a login form. The form consists of two input fields: "Email address" with a placeholder "Enter email" and "Password" with a placeholder "Password". Below these fields is a purple "SUBMIT" button. A small disclaimer states, "We'll never share your email with anyone else." At the bottom of the page, there are two sections: "Navigations" with links like "Sell online", "Features", "Shopping cart", and "Store builder"; and "Contact Info" with an address "203 Fake St. Mountain View, San Francisco, California, USA", a phone number "+2 392 3929 210", and an email "emailaddress@domain.com". The Windows taskbar at the bottom shows various open applications and the system clock indicating 5:10 PM on 3/18/2019.

<http://localhost/shopfirst/public/registerForm> registracija

The screenshot shows the same web browser window as the previous one, but with the URL <http://localhost/shopfirst/public/registerForm>. The website's header and navigation menu are identical. The main content area displays the breadcrumb "Home / Contact" and a registration form. The form includes input fields for "Name", "Surname", "Email address" (with placeholder "Enter email"), "Password", "Address", and "Mobile" (with placeholder "mobile fone"). A purple "REGISTER" button is located at the bottom of the form. The same disclaimer "We'll never share your email with anyone else." is present. The "Navigations" and "Contact Info" sections at the bottom of the page are also visible. The Windows taskbar at the bottom shows the system clock indicating 5:11 PM on 3/18/2019.

<http://localhost/shopfirst/public/adminuser/create> inser user

The screenshot shows the 'create user' form in the admin dashboard. The left sidebar is the same as the previous screenshot. The main content area is titled 'Insert User' and contains a form with the following fields: Name, Surname, Email address, Password, Address, and Mobile. There is an 'INSERT USER' button at the bottom of the form. The footer of the page reads '© 2019, made with ❤ by Creative Tim for a better web.'.

<http://localhost/shopfirst/public/adminuser/2/edit> update user

The screenshot shows the 'edit user' interface for a user named Milica. The left sidebar contains navigation links: Users, Products, Menu, Category, Role, and Size. The main content area has a 'Back to site' and 'Dashboard' link at the top. Below is a form with the following fields: Name (Milica), Surname (Ivancic), Email address (milica.zajeganovic.ivancic@gmail.com), Password (masked with dots), Address (Moja adresa 9/2 update 2), and Mobile (658745896). A 'Select list' dropdown is set to 'active user'. An 'UPDATE' button is at the bottom of the form.

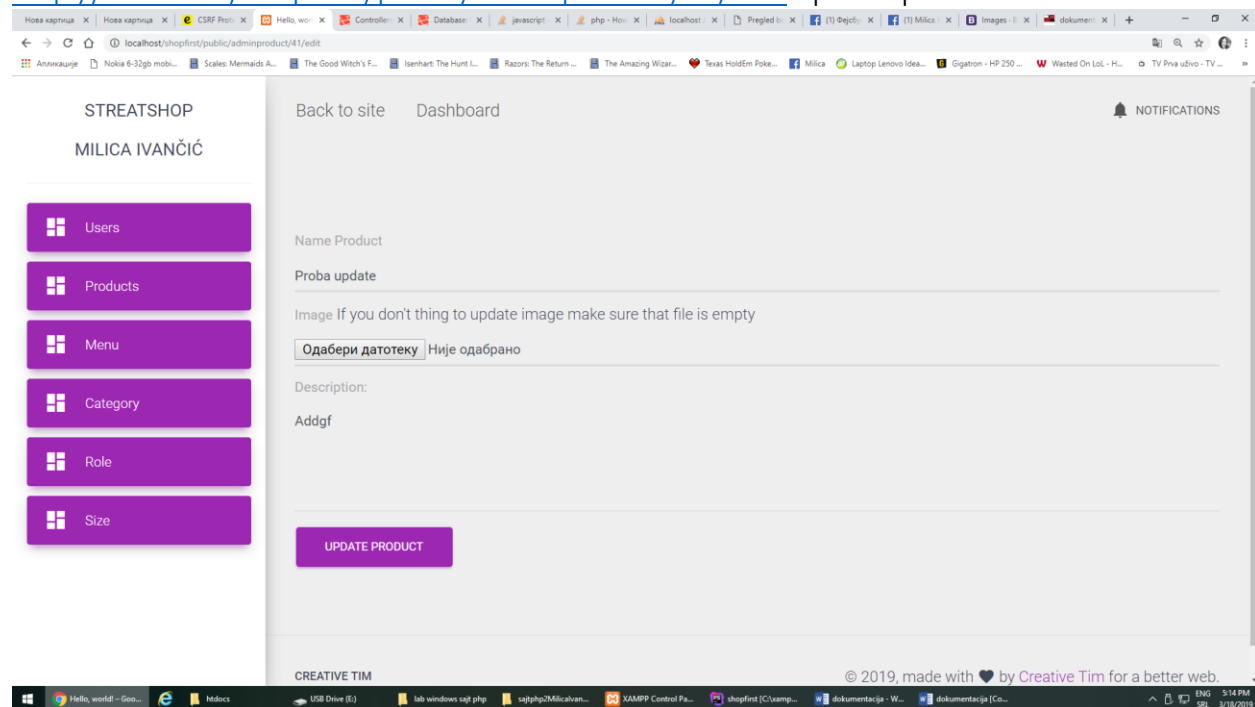

Field	Value
Name	Milica
Surname	Ivancic
Email address	milica.zajeganovic.ivancic@gmail.com
Password	.....
Address	Moja adresa 9/2 update 2
Mobile	658745896
Select list	active user

<http://localhost/shopfirst/public/adminproduct> proizvodi

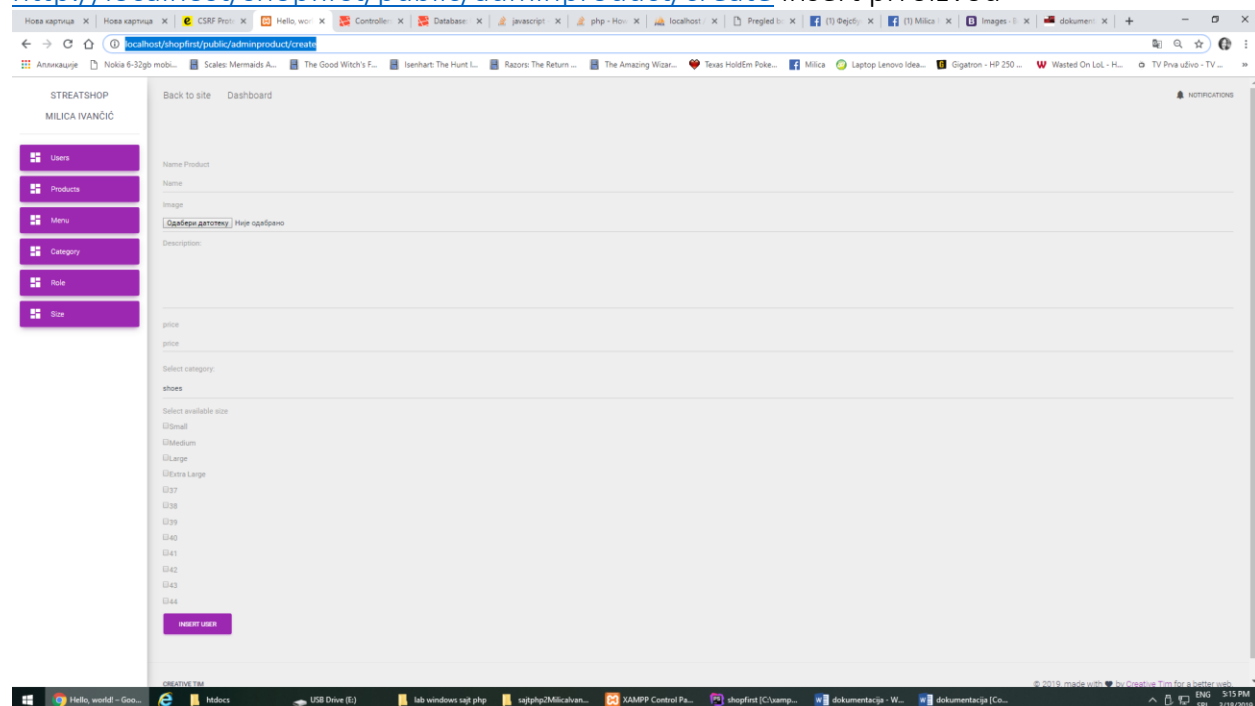

The screenshot shows the 'adminproduct' interface. The left sidebar is the same as in the previous image. The main content area has a 'Back to site' and 'Dashboard' link at the top. Below is a table of products. The table has columns: idProduct, name, image, description, start date of production, price, category, update, and delete. There are 7 products listed.

idProduct	name	image	description	start date of production	price	category	update	delete
41	Proba update		Adolf	2019-03-18 13:41:57	\$50	accessories		
14	DVD shoes update		DVD shoes white, DVD coll price	2019-03-07 00:00:00	\$100	shoes		
15	Tantique black		Tantique black read simply telly oaly shoes	2019-03-07 00:00:00	\$120	shoes

8	Black colorful scarf		Black colorful scarf for skiing, best type of cool material	2019-03-08 00:00:00	\$30	accessories		
17	PEACE shirt		PEACE shirt colorful shirt, for peace in all world, by me and be peaceful	2019-03-07 00:00:00	\$35	T-shirt		

<http://localhost/shopfirst/public/adminproduct/41/edit> update proizvod

<http://localhost/shopfirst/public/adminproduct/create> insert proizvod

<http://localhost/shopfirst/public/adminmenu> meni

The screenshot shows a web application interface for managing an admin menu. On the left, a sidebar for 'STREATSHOP MILICA IVANČIĆ' contains buttons for Users, Products, Menu, Category, Role, and Size. The main content area has a 'Back to site' link and a 'Dashboard' link. Below these is a section titled 'Insert menu' containing a table with 7 rows of menu items. Each row has columns for 'idMenu', 'href', 'menu name', 'update', and 'delete'. The 'update' column contains a clock icon, and the 'delete' column contains a trash icon. At the bottom, there is a footer with 'CREATIVE TIM' and a copyright notice.

idMenu	href	menu name	update	delete
1		Home		
2	shopAll	Shop		
3	contact	Contact		
4	loginForm	Login		
5	logout	Logout		
6	registerForm	Register		
7	adminpanel	admin Panel		

<http://localhost/shopfirst/public/adminmenu/create> insert meni

The screenshot shows the 'create' page for the admin menu. The sidebar is identical to the previous screenshot. The main content area has a 'Back to site' link and a 'Dashboard' link. Below these is a form with two input fields: 'href' and 'name menu'. The 'name menu' field has a placeholder text 'Name'. Below the input fields is a purple button labeled 'INSERT MENU'. At the bottom, there is a footer with 'CREATIVE TIM' and a copyright notice.

<http://localhost/shopfirst/public/adminmenu/1/edit> update meni

The screenshot displays a web browser window with the URL <http://localhost/shopfirst/public/adminmenu/1/edit>. The browser's address bar and tabs are visible at the top. The web application, 'STREATSHOP', is running on a local server. The interface features a left sidebar with a header 'STREATSHOP MILICA IVANČIĆ' and a list of navigation buttons: Users, Products, Menu, Category, Role, and Size. The main content area has a header with 'Back to site' and 'Dashboard' links, and a 'NOTIFICATIONS' bell icon. Below this, there is a form for editing a menu item. The form contains three input fields: 'href', 'name menu', and 'Home'. A purple 'UPDATE MENU' button is positioned below the 'name menu' field. At the bottom of the page, the text 'CREATIVE TIM' is on the left, and '© 2019, made with ❤️ by Creative Tim for a better web.' is on the right. The Windows taskbar at the very bottom shows various open applications and the system clock indicating 5:16 PM on 3/18/2019.
